

**BUILDING CONNECTIONS.
CREATING SOLUTIONS.**

OVERVIEW

Omayco helps organizations advance projects and initiatives by connecting them with the right experts and suppliers. We work with a select group of trusted partners to deliver high-impact, fit-for-purpose solutions, ensuring projects are executed on time, within budget, and aligned with strategic objectives.

TRUSTED PARTNERS

BENEFITS

- **One** partner for multiple solutions
- **Right** expertise at the right time
- **Alignment** from scope to delivery
- **Confidence** in execution

SOLUTION

01

Engineering

- Design and drafting
- Multi-discipline engineering
- 3D Assets & Infrastructure Digitization

02

Project Support

- Project & construction management
- Project services
- Owner's team support

03

Maintenance & Reliability

- Wear plates, coatings, and ceramic liners
- Condition & Lubrication monitoring
- Epoxy and urethane repair solutions

04

Pipe, Valves & Fittings

- Carbon steel, stainless, and HTPPE pipe
- Standard and specialty valves
- Flanges, fittings, specialty components

05

Information Technology

- Fully managed & co-managed services
- Cybersecurity, backups and recovery
- Procurement & staff augmentation

06

Fractional HR Solutions

- Fractional HR Services
- Day-to-day HR
- Strategic HR Planning

MMK INDUSTRIAL SUPPLY

Leveraging innovation to solve challenges, improve safety, and create lasting value

- **Wear-Resistant Materials:** Industrial wear-resistant solutions to protect equipment from abrasion, impact, and corrosion
- **Maintenance and Repair:** Rapid curing and high-performance epoxy repair and protective coating solutions used to rebuild, protect, and extend the life of industrial equipment
- **Condition Monitoring:** Real-time vibration, temperature, and stroke monitoring for assets such as screens, crushers, and motors
- **Lubrication Management:** Lubrication schedule and compliance tracking for manual and automatic lubrication systems
- **Emergency Response:** AI-Powered ultra-early warning system for fire and gas detection; compact CAFS system designed for rapid fire suppression, HAZMAT cleanup, and decontamination; and lithium battery fire suppression systems
- **Material Handling:** Ultra-compact, electric, remote-controlled material-handling equipment for challenging environments

GIFFEN CONSULTING

Providing fit-for-purpose engineering and project delivery solutions

- **CAD and Design:** Advance Steel, AutoCAD, Civil3D, and Plant3D software are used to create flowsheets, block diagrams, P&IDs, intelligent database-driven 3D models, and layouts for both greenfield and brownfield projects
- **Multi-Discipline Engineering:** Civil earthworks, electrical, instrumentation & controls, mechanical, piping, process and metallurgy, structural steel and concrete
- **Project & Construction Management:** Project management, design management, construction management, quality management
- **Project Services:** Procurement, change management, document control, contract management, progress management, project controls, cost estimating, and project administration
- **3D Assets & Infrastructure Digitization:** 3D scanning & imaging, 3D scan processing & cleanup, As-built 3D modeling

MOTIF VALVE & SUPPLY

Indigenous-owned. Customer-centric. Delivering high-quality pipe, valves, and fittings.

- **Seamless Carbon Steel Pipe:** Sizes ¼"–48" in single and double random lengths. Schedules 40–160 and XXH. Temperature materials ASTM/ASME A/SA106 Grade B and A/SA333 Grade 6. Standard grades 359, 448, 483, and 550
- **Valves:** Ball-trunnion, floating, threaded, and S/W. Cast and forged steel-gate, globe, check, flanged, and wafer. Specialty-butterfly, knife-gate, y-strainer, and plug. Pressure seal-gate, globe, and check. API 6D swing checks and high-performance
- **Fitting & Flanges:** ½" through 24" forged steel and buttweld. L/W, S/W, S/O, threaded, and blind flanges barred tees, nipples, swages, Conc/Ecc, Elbows, Tees, and Crosses
- **Specialty Piping Components :** Spectacle blinds, spacer/paddles, bleed rings, ductile backing rings, studs, nuts, and gaskets. Gap rings/Gap A -Lets, flange face covers. HDPE and stainless steel pipe, flanges, and fittings

Strengthening owner’s teams with end-to-end project and operational support

- **Owner’s Team Support:** Study development & project planning, project execution readiness, project execution support, project due diligence, third-party project review, health & safety oversight, shutdown & turnaround project solutions
- **Integrated Project Services:** Procurement & contracts management, cost control & estimating, planning & scheduling, document management, risk management
- **Operational Consulting:** Leadership alignment, organizational change management, asset integrity, asset optimization, process safety management

TECHION TECHNOLOGY SOLUTIONS

Providing proactive, fast, and reliable IT services

- **Fully Managed IT:** Proactive IT management, unlimited remote and onsite support, 24/7 system monitoring and alerting, cyber security and ransomware protection, backups and disaster recovery, strategic IT planning with dedicated vCIO
- **Co-Managed IT:** Working alongside your internal IT person or team to add capacity, coverage, and specialized expertise
- **Cybersecurity:** Phishing tests, dark web monitoring, Meraki firewalls, employee training, rapid incident response and recovery
- **Procurement & Staff Augmentation:** Access to IT talent, laptops, desktops, servers, networking equipment and firewalls, Microsoft 365 and cloud subscriptions, backup and disaster solutions, licensing reviews and cost optimization
- **On-Demand IT Services:** Professional IT support and project work for businesses that want reliable help without a long-term commitment

MOVE HR

Flexible HR solutions designed to fit your business

- **Fractional HR Services:** Ongoing HR assistance designed in a way that works for your business and budget. Use your monthly hours for day-to-day HR needs, bigger picture strategic work, or a deep dive into your HR operations and systems.
- **Day-to-day HR:** HR Consulting support for everyday needs: 1-on-1 consultation, policies & agreements, recruiting & onboarding, termination & final letters, benefits, discipline & investigations, safety, payroll
- **Strategic HR Planning:** Planning ahead for future HR needs: needs & gap analysis, HR operations review, risk management, budgeting, planning, rewards & recognition, compensation & benefits review, culture, values, goals & KPIs, team building & workshops, software solutions, employee surveys, leadership coaching
